

NIST 800-171 COMPLIANCE

NIST 800-171 Policy - 3.7 Maintenance

Enforceable policy implementing the NIST SP 800-171 rev. 2 'Maintenance' family (3.7) across BVTech LLC and, where contracted, managed client environments. Statements below are binding on all personnel.

Document ID	BVT-CMP-107
Version	1.0
Effective date	July 28, 2026
Document owner	Jordan Polasek, Managing Partner
Classification	Internal - BVTech LLC Confidential
Review cycle	Annual, or upon material change

Purpose & Authority

This policy implements the Maintenance requirement family of NIST SP 800-171 rev. 2 as part of BVTech LLC's security program. It is issued under the authority of the Managing Partner and applies to all employees, contractors, and systems that store, process, or transmit company or client data.

Policy Statements

- System maintenance is performed and logged; tools, techniques, and personnel used for maintenance are controlled.
- Equipment removed for off-site maintenance is sanitized of any controlled or client data first.
- Media containing diagnostic or test programs are checked for malicious code before use.
- Nonlocal (remote) maintenance sessions require multi-factor authentication and are terminated when complete.
- Maintenance personnel without required access authorization are supervised during maintenance activities.

How BVTech Implements This

Maintenance is performed by named, vetted BVTech technicians through MFA-protected remote tooling, with session logging in the RMM and sanitization per BVT-FRM media procedures.

Roles & Responsibilities

- Managing Partner - owns this policy, approves exceptions in writing, and reviews it annually.
- Technicians and administrators - implement and maintain the controls in the systems they manage.
- All personnel - comply with the statements above and report suspected violations immediately.

Exceptions & Enforcement

Exceptions require a written, time-boxed waiver from the Managing Partner recorded in the risk register. Violations may result in discipline up to termination and, for contractors, termination of engagement. This policy is reviewed annually and upon material change.
