

CLIENT SERVICE DESCRIPTIONS

# Service Description - Backup & Disaster Recovery

The 3-2-1 discipline with proof: local speed, offsite safety, and restores we actually test.

|                |                                    |
|----------------|------------------------------------|

| Version        | 1.0                                |
| Effective date | July 28, 2026                      |
| Document owner | Jordan Polasek, Managing Partner   |
| Classification | Internal - BVTech LLC Confidential |
| Review cycle   | Annual, or upon material change    |

## What's Included

- Image-based server backup with local + offsite/immutable copies
- Workstation and M365 data protection options
- Documented RTO/RPO per system, agreed with you
- Quarterly restore tests with evidence in your record
- Ransomware-resilient retention and encryption
- Annual DR tabletop for covered environments

## How Engagements Work

Services are delivered under the BVTech Master Services Agreement with a service-specific statement of work and the published Service Level Agreement. Every engagement begins with the new-client security audit so pricing reflects your real environment - book a 15-minute intro at [bvtech.org/book](https://bvtech.org/book).
