

SECURITY AWARENESS ONE-PAGERS

Security Awareness - Physical Security Habits

The controls that work when the network isn't the target.

Document ID	BVT-TRN-260
Version	1.0
Effective date	July 28, 2026

Classification	Internal - BVTech LLC Confidential
Review cycle	Annual, or upon material change

What To Know

- Badge in personally; everyone badges - politeness holds doors, policy checks badges.
- Clean desk at day's end: sensitive paper locked, screens locked, keys pocketed.
- Visitors are escorted, logged, and never left alone near equipment.
- Found USB drives go to IT unopened - curiosity is the exploit.
- Unfamiliar faces in secure areas get a friendly 'can I help you?' and a report.

One Habit

When anything feels off - an email, a call, a prompt, a device - report it immediately and without embarrassment. Early reports are how small events stay small. Reporting channel: your helpdesk ticket portal or help@bvtech.org.
