What Your Profession Requires

Texas Rule 1.05 confidentiality, ABA Ops. 477R/483, and court-deadline continuity.

The Four Things That Matter

- Confidentiality is an ethical duty - a breach is a bar problem, not just an IT problem.
- BEC wire fraud targets firm trust accounts; out-of-band verification stops it.
- Tested backups keep filing deadlines survivable through ransomware or hardware loss.
- Our Law Firm Security Program (BVT-VRT-184) is ready to adopt at engagement.
