What Your Profession Requires

FTC Safeguards Rule program with the required annual report to leadership.

The Four Things That Matter

- The Safeguards Rule requires a qualified individual, a written program, MFA, encryption, and vendor oversight - we operate all of it.
- Client PII plus wire authority makes advisories prime BEC targets.
- Annual written security report to your principal - delivered, as the rule requires.
- WISP ready to adopt at engagement (BVT-VRT-183).
