

Hardware & Software Procurement Terms

Terms for equipment, licensing, and product resale by BVTech

Document ID: BVT-LGL-014

Version: 1.0

Issued: July 02, 2026

Effective Date: _____

Orders and Pricing

Client may order hardware, software, and cloud subscriptions via written quotes from BVTech. Quotes are valid for the stated period (default fifteen (15) days) and are subject to distributor availability and price changes before acceptance. Orders are binding upon Client's written acceptance or purchase order referencing the quote.

Payment; Title; Risk of Loss

Unless otherwise stated: hardware orders over \$2,500 require payment in advance or upon delivery; software and cloud subscriptions are invoiced per vendor billing cycles. Title to hardware passes upon Client's payment in full; risk of loss passes upon delivery to Client's site. BVTech retains a purchase-money security interest in delivered goods until paid in full and may file financing statements to perfect it.

Warranties; Returns

Products carry the manufacturer's warranty only; BVTech passes through and will assist in administering manufacturer warranties but MAKES NO INDEPENDENT PRODUCT WARRANTY. Special-order, opened-software, and licensed items are non-returnable except as the manufacturer permits; standard items may be returned within fifteen (15) days subject to distributor acceptance and restocking fees.

Licensing

Client's use of third-party software and cloud services is governed by the applicable vendor's license/subscription terms (e.g., Microsoft Customer Agreement), which Client accepts upon use. Subscription seats reduced mid-term remain billable through the vendor's commitment term.

Installation

Installation and configuration services, if purchased, are provided under the MSA/SOW terms. Delivery dates are good-faith estimates; BVTech is not liable for supply-chain delays but will communicate promptly and offer alternatives where available.

IN WITNESS WHEREOF, the parties have executed this document as of the Effective Date.
