

# Security Awareness Training & Phishing Simulation Agreement

Terms for user training and simulated phishing campaigns

Document ID: BVT-SEC-023

Version: 1.0

Issued: July 02, 2026

Effective Date: \_\_\_\_\_

## Services

- Enrollment of Client users in a security awareness training platform with assigned curricula and completion tracking.
- Periodic simulated phishing campaigns using templates approved in the campaign plan.
- Reporting: completion rates, phish-click rates, repeat-clicker identification, and trend analysis.
- Targeted remedial training for high-risk users.

## Client Authorization and Responsibilities

Client authorizes simulated phishing emails to its users and confirms this is permitted under Client's HR policies. Client will: inform Provider of users to exclude (e.g., on leave); handle any employment actions arising from results (Provider provides data, not discipline recommendations); and ensure allowlisting of simulation domains so campaigns function correctly.

## Data and Fairness

Simulation results identify security training needs and shall be used by Client consistently with its policies and applicable employment law. Provider recommends a coaching-first approach; results are Confidential Information and will not be disclosed outside the parties.

IN WITNESS WHEREOF, the parties have executed this document as of the Effective Date.
